Radio New Zealand Workforce Profile as at 30 June 2017

Staff Numbers
Headcount 274
Full-time Equivalent 254

Gender
Female 49%
Male 51%

Gender Pay Gap 6%
Median FTE Fixed remuneration

Note: Data gathered during the year shows that, across the whole organisation, RNZ’s female median remuneration is 6% less than male. The only material difference occurs in the higher level positions; due to fewer women being in those roles. A working group has met throughout this year and their research and recommendations were submitted in September for consideration.

Age Profile
Under 20 0%
20-29 12.6%
30-39 20.2%
40-49 23.8%
50-59 28.2%
60-69 13.4%
70+ 1.8%

Ethnicity
RNZ does not currently report on ethnicity due to only 58% employees having recorded ethnic background. We consider any results would lack validity due to the large margin of error.

We are adopting a kiosk approach to recording personal details and will seek increased recording of ethnicity from employees, with the aim of having a better sample size by the end of the 2017/2018 financial year.
