11:04 Daryl Hall and John Oates - The Music and The Magic

An overview of the career of the most successful pop duo of all time - Daryl Hall and John Oates. From their first hit in 1974 through their heyday in the '80s their smooth, catchy take on Philly soul brought them enormous commercial success, including six number one singles and six platinum albums. Hall and Oates' music was remarkably well constructed and produced; at their best, their songs were filled with strong hooks and melodies that adhered to soul traditions and incorporating elements of new wave and hard rock (Sony)

11:04 The Wire

Looking at the impact of electricity on music: The Wheels of Steel
A century of tinkering with speeds, mechanisms and materials changed the gramophone incrementally into the turntable. But over the last 50 years - from the early experiments

of composer John Cage to the scratching innovations of today's superstar DJs - the turntable has become the nexus for whole new ways of thinking about music. The turntable is explained by the turntablists: musicians who play a turntable like a pianist plays a piano (7 of 8, *CBC*)
